SPECIAL NOTICE: This list is intended for the **TRADE ONLY**. If it reaches people **NOT** entitled to Trade Prices, we will thank any Nurseryman or Florist to advise us, so that our mailing list may be corrected. We do not employ agents. We do not pack dealers' orders on our grounds. We do not authorize dealers to use our name.

CHASE, ALABAMA,

October 5, 1935.

To The Trade:

This "*Getting Normal*" issue of our Trade List does not mean that we are getting back to the high-priced prosperity of 1927-'28, but that conditions have improved so that it is possible, by thrift and hard work, to arrive once again at the end of a business year with the ledger showing a little black. By having to work a little harder and figure a little closer, we believe we have learned something nearly every day (rather than nearly learning something every day) that will enable us to better serve the Nursery trade; that along with added prosperity, we can really show improved efficiency.

The speed merchants in our packing shed like your RUSH orders, and if you are not familiar with their methods, we would like to have them show you what they can do. Two railroads and two telegraph companies at our doors make this service possible. To our old friends in the Trade, our sincere thanks for your patronage, which has enabled us to serve and grow. To new members, we extend the invitation to try our wares. We feel sure you will ask for more.

Very truly yours,

Chase Nursery Company

Terms and Conditions

SHIPMENTS

Please state how you want your shipments made, whether by freight or express; also route. Where no instructions are given, we will ship as we think best serves your interests without assuming responsibility.

The risk and cost of transportation belongs to purchaser.

TERMS

Open Accounts (approved credit):

Two per cent 10 days; 1 per cent 30 days; 60 days net.
April 1st dating on winter shipments for spring use.

Cash With Order:

We pack Naked-Root stock free when full payment accompanies order. Note that this does not apply to Balled & Burlapped items.

C. O. D. Orders:

When ordering goods shipped C.O.D., be sure that at least 25 per cent accompanies order.

Interest at 6 per cent will be charged on overdue accounts.

PRICES

This List is intended for the TRADE and should be found only in the hands of people who buy our products for resale at a profit.

We price "Per Each," "Per 10," and "Per 100." To obtain the lowest published price on Naked Root deciduous stock your order must consist of at least fifty plants and not less than ten of a variety or grade. Orders for less than ten of a variety or grade will be invoiced at the ten rate regardless of the total number in the entire order.

Prices do not include packing charges (except as noted above under "cash-with-order" terms). For cost of bales and boxes see page 4.

All prices are subject to market changes.

GRADES

We grade liberally. All shrubs of specified sizes are well furnished and well rooted. Culls are as rigidly excluded from the lightest grades listed as from the heavier stock. Our rule is "When in doubt, put it in the lower grade." Detailed information as to our method of grading Hedge Plants and Roses is given elsewhere in this list.

LIABILITY AND CLAIMS

We are not liable for injury to stock from frost, hail, fire, or other causes beyond our control, and book all orders with this understanding. While we use every means at our command to secure prompt delivery, we are not liable for delays in transit; our responsibility ends upon delivery in good order to railway company. Remedy for loss must lie between the buyer and the railway company, but we will gladly render all the aid we can. All claims must be made immediately after receipt of stock.

NON-WARRANTY CLAUSE

We give no warranty, express or implied, as to description, quality, productiveness, or any other matter, of any nursery stock, seeds, bulbs or plants we sell.

2- 3 Ft., NR	7.50	50.00

Note that we price the larger specimens of Cornus "BB" (Balled-and-Burlapped), but frequently ship them "NR" (Naked Roots). If wanted for immediate planting and are properly handled, our experience is that a great saving can be effected in transportation costs by such handling. Spring of '35 we shipped Redflowering Dogwoods "NR" as large as 8-10 feet, calipering 2 inches, by freight to points as far away as the State of Washington, and have had good reports on their behavior. If wanted "NR" instead of "BB", DEDUCT 60 cents on 8-10 ft., 50 cents on 6-8 Ft., 40 cents on 5-6 Ft. If smaller grades are wanted "BB" instead of "NR", ADD 30 cents on 4-5 Ft., 25 cents on 3-4 Ft., and 20 cents on 2-3 Ft.

Broadleaved Evergreens

We specify "BB" (Balled-and-Burlapped) where we think this method is best. In our judgment, the grades or varieties priced "NR" (Naked Roots) can be safely handled that way. The saving in freight or express charges on NR as against BB is a big item. Evergreen stock handled NR must never be allowed to dry out, the roots must never be exposed to sun and air. If on arrival you cannot plant immediately, cut the bunches open and heel in, in sand or dirt under a shed, in a cellar or barn where wind and sun cannot reach them, but where the plants will have circulation of air through the tops. Ample moisture is supplied by us in packing material to carry the shipment safely. Keep the roots always moist, and give the tops a chance to breathe. We pack in ventilated cases or bales.

NOTE: If you wish "NR" items shipped "BB," ADD to listed price as per schedule below. If you wish "BB" items shipped "NR," DEDUCT from the BB price as per schedule.

SUPPLIES

SPECIAL NOTICE: Because of the uncertainty of prices on many items of supplies at the time of printing this list, we cannot guarantee these prices, but will always invoice at the lowest market price. All Prices are Subject to Market Change.

TERMS ON SUPPLIES

Cash With Order. Short profits and heavy investment compel quick cash. C. O. D. shipments satisfactory to us, but always expensive to you because of fee and return charges. Cash with order just as easy, saves book-keeping—economical for us both.

EVERY ITEM TESTED

We use every item of these Supplies in our own nursery work. Some are made to our specifications. All are the best value we can find—and we have been hunting the best for forty odd years.

Each item is numbered for your convenience in making up orders—the number is all we need. Please add for postage on items priced f. o. b. Chase—guess liberally. Any difference, either way, to be adjusted.

63. RUBBER BUDDING STRIPS—	
We find the No. 424, a medium weight rubber strip running about 1,350 to the pound, best adapted to our requirements (our heaviest budding is roses) and now stock only this size. Other sizes must be shipped direct from factory. Rubber Budding Strips are gaining in favor rapidly. They stretch about four times their length, do not slip, give with the growth of the stock, require no "cutting loose" as they give way in ten or twelve days.
